Week-End Auto Accidents In San Mateo County Take 4 Lives, Injure 10

Although America's second wartime Labor Day week end counted less than half the violent deaths that it did last year, San Mateo County's automobile accident toll added up to 4 deaths and 10 injured.

The four deaths ended a dancing party of youthful celebrants when the automobile in which they were riding hit the highway dividing rail on Junipero Serra Blvd. at the extension to Sneath Ln. late Saturday night. A second car overturned trying to avoid the wrecked vehicle.

Dead are:

William Cluthe, 21, 528 Fordham Rd., San Mateo, University of California student.

Mildred Thornton, 24, San Francisco, X-ray technician, University of California Hospital.

Ina Baum, 21, San Francisco, University of California Hospital nurse.

Carleton L. Martyr, 23, army private and dental student at the University of California.

Martyr, son of a Sacramento business man, and the Baum girl were killed outright. The Thornton girl and Cluthe died after being taken to South San Francisco Hospital.

DRIVER ESCAPES

Alfred S. Schuchard, San Francisco, driver of the car in which the four were killed, escaped with bruises and lacerations of the head and hands. Nancy Nelson, 19, San Francisco, received possible critical cranial injuries. She was reported by Mills Memorial Hospital aides today to be in an improved condition. Philip Bliss, San Francisco, was treated for cuts and bruises. All were riding in the first vehicle to crash.

Ruth Watson, San Francisco, riding in the auto which overturned, received cuts and contusions. Others riding in the car—Arnold Wieser, 32, San Francisco, Gordon Watson and Edith Harris—were uninjured, the California Highway Patrol, which investigated, reported.

The motor in the car in which the four were killed, a convertible coupe, was pushed back into the front seat, pinning the occupants. The car was just leaving the dimout area near Lawndale.

YOUNGSTER HURT

Tracy Ward, 3, received cuts and bruises when he fell out of the back seat of the car driven by his mother, Mrs. Lloyd Ward, Rt. 1, Box 360, Redwood City, on Woodside Rd. near Hudson St. late Saturday afternoon, Redwood City police reported today.

Two soldiers received minor injuries late Saturday night when a pickup truck driven by Wesley J. Friesen, 21, Mare Island Naval Yard, Vallejo, ran into a fence at the entrance to National Motor Bearing Co. here. Given emergency treatment at the Redwood City police station and taken by military police to Camp Tanforan were Casper L. Ewalt, 26, and Clair L. Jones, 25, both stationed on the Peninsula.

Three Bay Area socialites were injured Sunday when their chauffeur fell asleep at the wheel and their car crashed through a guard rail and into a culvert on Bayshore Hwy., Burlingame, Burlingame police reported. Injured were Mrs. Benjamin Nyman, 28, 423 Palm Ave., Palo Alto, cuts and bruises; Mrs. Charles Dunphy, San Francisco, fractured left hand, and Mrs. Reina Dunphy, 54, San Francisco, fractured left leg and hip.

Hale Brothers Move Quarters

"Remodeling is progressing rapidly," Marshal Hale Jr., president of Hale Bros. five California stores, announced today in reference to the removal of the downtown San Francisco store from Fifth and Market Sts. to its new location in the Lincoln Building, Market St. opposite Powell.

That the New Hale Bros. is to be, above all, a store planned to the needs and pace of a wartime world was stressed by Hale Jr., who added that "simplified shopping will be its motto; convenience its creed." To this end are planned such measures as departments so arranged and related merchandise so grouped as to save countless shopping steps, fixtures modernized to encourage self service, and the addition of elevators previously used only for the offices formerly occupying the upper floors of the Lincoln Bldg. Concersion of this former office space, it was pointed out, will result in an additional 20,000 square feet of shopping space, for an upper floor total of well over 100,000 square feet when the new store is completed.

That there will be an entrance on Fifth St. as well as on Market St. was confirmed by the president, with an easily-accessible street floor shop, and two elevators direct to the upper selling floors.

Questioned concerning the two eight-story and ten-story buildings on Fifth and Stevenson Sts., immediately behind the present Hale Bros. store, Marshal Hale Jr. stated that these would be retained to house the corporation and executive offices, work shops, warehouse and the present Food Shop, permitting the new quarters to be devoted exclusively to customer services.

ODT Announces New Tire Procedure

A bulletin from the Office of Defense Transportation, received here today by Ferris Miles, Redwood City administrator for defense transportation, announced a new procedure designed to provide prompt relief for eligible bus and taxicab operators who are unable to locate tires needed to keep their vehicles in essential operation.

Under the new arrangement, bus and taxicab operators who hold tire rationing certificates, and who are having difficulty in obtaining the proper tires, are asked to apply to the nearest district office of the ODT.

The ODT will transmit this information daily to the office of the rubber director, who will endeavor to arrange for the proper distribution of tires so that all the certificates can be honored as quickly as possible after issuance.

The Axis Stops at Nothing. Don't stop your War Bond Payroll Savings at 10%. Every soldier is a 100 percenter. Figure it out yourself.

Woodsmen Take Pledge To Cut More PULPWOOD

SOLDIERS OF THE FORESTS, these woodsmen realize the importance of pulpwood production to the war effort and are doing their utmost to forestall a threatened 2,500,000 cord shortage this year. C. Y. Townley, contractor, administers oath to crew on pulpwood operation in woods at Dodge, Texas, signalling the opening of the Victory Pulpwood Campaign in that territory. (LEFT) W. T. Reno, 59, of Phelps, Texas, makes "V" for Victory sign with two logs. Father of eight sons, four of which are serving with the armed forces, he serves full-time cutting pulpwood so essential for making smokeless powder, rayon for parachutes, bomb and shell casings, food, blood plasma and "K" ration containers. His four other sons assist him. The Axis welcome idle axes.

Butler Buys M.P. Recorder

The Menlo Park Recorder, edited and published for the past 20 years by L. E. Harris, has been sold to Harry Butler, former San Mateo Times publisher and business manager.

The Recorder is a four-page independent weekly paper. It is published on Friday. Mrs. Harris has been assisting her husband.

Mr. Harris now intends to devote all of his time to the ministry.

Wartime Emergency Census To Start Here in Few Days

The Wartime Emergency Census, approved some time ago by the city council here on the recommendation of City Mgr. Robert W. Mead, will get underway in a few days, Dwight R. Hammack, federal census official said today.

Hammack established headquarters has on the second floor of the city hall. As soon as enumerators are secured and blanks arrive the work will start. The census, he estimated, will take two to three weeks to complete.

First task is to secure enumerators, Hammack said. He requested adults who have completed high school and can write a "good hand" to apply. Housewives often turn out to be well-suited to the job, he said. All those interested who feel they can qualify may fill out application blanks in the building department on the second floor of the city hall.

Enumerators are paid five cents a name and may list up to 250 names in a day.

The special census was voted by the council July 19. Mead at the time said he thought Redwood City's actual population was close to 15,000. The 1940 census lists a population of 12,453. Under a new census, Mead said, city apportionment of state gas tax would be increased.

After the census has been taken here, a census of San Carlos, Belmont and South San Francisco will be taken.

GOVERNOR WARREN LAUDS USO; URGES WAR CHEST SUPPORT

Corporal Morris Breslow of Brooklyn, New York, finds tough competition in Governor Earl Warren as they vie for "Skittles" honors at the miniature two-way alley in a San Francisco USO Club. Honorary President of the California War Chest, Governor Warren visited the club with Ralph T. Fisher of Oakland, president, to get a first-hand picture of USO as one of the 17 chest-affiliated agencies. Local communities throughout California will conduct their own War Chest drives for war and home front needs during October and November.

SAN FRANCISCO, CALIFORNIA—Governor Earl Warren, after a tour of San Francisco USO clubs, reports that he is deeply impressed with the work carried on by the beneficiary organizations of the California War Chest, statewide fund which unites 17 war relief appeals in one concerted drive.

Honorary President of the State Chest, Governor Warren has wholeheartedly endorsed the combined campaign and the affiliated national agencies which it represents. The State appeal for war and "home front" relief funds will be conducted within every California community during October and November. Local community and war chests will direct the campaign in cities and towns where chests exist.

Urging support of the campaign by every citizen of the State, the Governor points to USO activities as illustrative of the work conducted by chest member agencies:

"As I travel around the State and see the thousands of boys in our armed forces who are training here and who are passing through California, I am more convinced than ever of the value of USO", he declared. "There could be no finer place for our boys in uniform to spend their time."

More than half the total funds raised through the California War Chest will go to services for America's armed forces. United Nations relief agencies included in the chest are: Russian War Relief, United China Relief, British War Relief Society, Greek War Relief Association, Polish War Relief, French Relief Fund, United Yugoslav Relief Fund, Belgian War Relief Society, United Czechoslovak Relief Fund, Queen Wilhelmina Fund, Norwegian Relief Fund, Friends of Luxembourg, Refugee Relief Trustees, and the U. S. Committee for the Care of European Children.

Budgets of Community Chests, together with the needs of these war agencies, will total approximately $250,000,000 to be raised through local community and war chests throughout the nation.

Menlo Park Inducts Eight in August

MENLO PARK — Eight men went into the armed services from Menlo Park during August. Of that number, three were commissioned, according to draft board records.

Ralph T. Shepherd was inducted Aug. 21 and went immediately to the Monterey reception center.

Theodore C. Zennan, Percy D. Jarvis and Proctor Mellquist will leave the Menlo Park station at 4:05 p.m. Saturday.

Edward A. Kawananakoa has been assigned to the army air corps.

Carl Elliott McDowell, Gerald Wagstaffe, and George M. Augustus received lieutenant's commissions—the first two in the navy and Augustus in the army engineers.

Fall Injuries End Life Of Gardener

Elmer S. Sloan, 64, 1304 Jefferson Ave., Redwood City, a gardener at Stanford University, died late Saturday night in Community Hospital at San Mateo from injuries received an hour earlier when he fell as he was entering a bar at Five Points, Coroner William F. Crosby reported today.

Crosby said Sloan died of concussion of the brain. Redwood City police reported that Sloan was walking up steps to a bar and fell backwards, striking his head on the pavement. He died shortly after midnight.

Sloan, a native of Idaho, had lived in Redwood City for 13 years.

Layng & Tinney Funeral Home is handling funeral arrangements.

Anderson To Speak Friday

Congressman Jack Anderson, this district's representative in Washington, will take to the airlanes tonight in a farewell broadcast to citizens of the district. Saturday he will leave for the reconvening of Congress in the nation's capitol.

In his radio talk tonight, which will be heard over Station KQW between 9:00 and 9:15 o'clock, the congressman will discuss the Smith-Connally anti-strike bill, and the threat of labor leaders to purge every member of the Congress who voted for it. Anderson, who claims loyal support of the laboring man in his fight for just consideration, said today he will have some pertinent things to reveal in his broadcast.

"The threat of labor big wigs, who live luxuriously on the sweat of the working man's brow," Anderson declared, "to purge members of Congress is an insult to American intelligence and integrity, which I do not believe the American people will tolerate, nor soon forget. When Congress becomes the tool of a minority, then democracy is dead."

S.C. Athletic Club Starts Building Fund

SAN CARLOS—The San Carlos Athletic Club has approved the recommendation of its board to set aside a fund to be used in the future toward the building of a club house. Charles F. Thomas, president of the organization, says this is the biggest project the club has undertaken this year.

At present the club has $700 worth of war bonds in the building fund and in the event of the war ceasing the fund will still be maintained in government bonds, says Mr. Thomas.

New members joining last month are James W. Docker of Elm St., W. Backstedt of Cedar St., Floyd Gingham of Plymouth Ave., Ray Ferrari of Cedar St., Ray Kidder of Whipple Rd., Frank O. Lake of Orange St., Edwin Ricks and Albert Morgan of Woodland Ave.

Redwood City CD Structure To Be Intact

The structure of civilian defense in Redwood City will remain intact with a few minor changes possible, Mayor Floyd D. Granger said today, in commenting on a new classification of California cities announced by the State War Council.

The classification, announced by Willard Keith, director of the State War Council, lists Redwood City and other Peninsula communities south of Daly City as class 2 cities. Class 2 cities, Keith said, are cities further inland "containing secondary objectives of the direct enemy attack or contributing vitally to any class 1 area.

Class 1 cities, including South San Francisco and Daly City, are cities along the coast "subject to direct attack."

Granger said the war council here had not been officially notified of the change. Until details are worked out, he said, it would not be possible to say what changes would result. He anticipated a curtailment of some services of civilian defense and some relaxation of the dimout.

Granger felt civilian defense organization in the future would emphasize the war service angle, in work such as salvage drives and bond drives.

The dispatch received here from Keith through the Associated Press, said the plan calls for a "stepping up to greater efficiency than ever" the various protective service in cities considered in the danger area, a lessening of protective service in class 2 cities and a transfer of most activities in class 3 cities (cities not included in 1 or 2) from protection to war services.

In all areas, however, Keith advised the continuation of "alertness" by auxiliary police, auxiliary fire and emergency medical services to meet the dangers of sabotage, racial interest and natural disaster possibilities.

In announcing that the plan will be presented at a meeting in San Francisco Friday of the 9th Regional Civilian Defense Board, Keith said:

"In the early days immediately following Pearl Harbor, civilian defense did magnificent work. It created a tremendous structure for the home front and by this achievement staved off the imposition of martial law. We were not forced to go through the structures of military rule as did, for instance, the city of Honolulu. The dimout and other modifications of normal peacetime liberty were all achieved by civilian means.

"Gradually, as our military might grew, our navy and our armies were able to throw back the enemy until the danger now has somewhat receded. It has not gone, but it has lessened.

"It is just as important that today the California War Council take the lead in softening the harsh and inflexibility of the protective structure wherever it may be safely done in the opinion of the army."

The classifications of cities was announced as follows:

Northern California:

Class 1—San Francisco, Daly City, South San Francisco, Hayward, San Leandro, Alameda, Oakland, Piedmont, Emeryville, Berkeley, Albany, El Cerrito, Richmond, Vallejo, Sausalito.

Class 2 — Santa Rosa, Petaluma, San Anselmo, San Rafael, Burlingame, San Mateo, Redwood City, Palo Alto, Mountain View, Santa Clara, San Jose, Martinez, Pittsburgh, Napa, Santa Cruz, Watsonville, Salinas, Monterey, Carmel, Sacramento, Stockton, Eureka.

Auto Blaze Calls Out R. C. Fire Department

Redwood City Fire Dept. responded to an alarm sent in from Cuddy's Garage, 540 El Camino Real, at 5:08 yesterday afternoon, when wiring in an automobile caught fire.

Deputy Fire Chief Joseph Lodi said the fire was out on arrival of the fire truck. Only damage was to the wiring of the car, he said.

Major General To Speak Here

Plans for Redwood City Civilian Defense Week moved ahead today with the announcement that Maj. Gen. Walter K. Wilson, commanding general of the Northern California sector of the Western Defense Command will be the speaker at a public meeting to be held on Wednesday, Sept. 29 at the Sequoia High School.

Louis Dematteis, chairman of the public relations committee of the war council, announcing today that Maj. Gen. Wilson had accepted the invitation to speak here, said that the Fourth Army band from the Presidio in San Francisco would also be featured on the program. The band, under the direction of Lynne E. Decker will open the meeting with a concert, Dematteis said.

Arrangements for the evening were made yesterday when Dematteis, Mayor Floyd Granger and W. H. (Bud) Thorpe of the War Council met with Decker, Lt. Col. Lloyd Harris, public relations officer for the Northern California sector, and Frank Allen of the United States Office of Civilian Defense from San Francisco.

Wilson's topic is "Whose War Is This."

Civilian Defense Week has been set for Sept. 27-Oct. 2.

SAFEWAY Homemaker's Guide

Julia says— Get youngsters to make lunches and they'll eat 'em

SOMEONE said to me the other day, "Julia, I don't think any mother tries harder than I, to put up good lunches for the youngsters to take to school. But my Mary and Jack certainly don't show any enthusiasm for the sandwiches I make."

Then I told her about the experience I'd had with the same problem. Let the youngsters put up their own lunches!

With a little supervision, any child—from a sixth-grader on up—can do a good job of making up a lunch. And it's amazing, what a difference it makes. The youngster takes pride in the importance of the work. He knows the food will be what *he likes*, not just something "Mom thinks is good for him." Can't you just see him at school, saying to one of his pals at lunchtime, "I made this sandwich!"

It's surprisingly easy. Here's the way we do it, at our house:

1. The evening before a school day, after the dishes are done, my two youngsters and I decide on what will go into tomorrow's lunch.

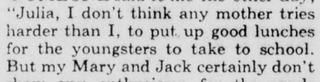
2. The youngsters get all the necessary lunch "fixings" together.

3. They arrange the bread so that each slice is next to the "partner" it fits.

4. They spread each slice with a stiff silver knife (if butter is scarce one side is spread with dressing or a sandwich spread), covering the bread clear to the edge so it won't be dry eating.

5. They spread the fillings, making them at least one-third as thick as one piece of bread.

6. They cut the sandwiches in any one of a number of ways; for instance:



7. They carefully wrap each sandwich in waxed paper, so it will be fresh and tasty the next day.

8. They pack their lunches in paper bags, being careful to put such heavy items as oranges and apples in the bottom of the bag, and the more fragile sandwiches on top.

9. Then they put their lunches away in the refrigerator or other cool place, and clean up whatever mess they've made.

Incidentally, if you'd like more information on how we do this in our house, take one of the free leaflets waiting for you at Safeway.

Julia Lee Wright Director
Safeway Homemakers' Bureau

Ideas for nutritious lunches

Good "stick-to-the-ribs" lunches are just about the most important meal of the day—they must carry us through the long afternoon hours right up to dinnertime. And with the youngsters heading back to school, it's more necessary than ever that we keep a well-stocked lunch larder! Now's a good time to lay in supplies of the items listed below.

Port Expands To Meet War Needs

Further expansion of the Port of Redwood City was ordered today following new demands by the army and navy for storage facilities. At the port commission meeting this week it was announced that the vital importance of the Peninsula port has been recognized by the U.S. Coast Guard which will send a detail of 15 men to maintain 24 hour patrol of the port facilities and cargos.

According to John E. McCarthy, port commission chairman, a $3300 contract has been awarded to Peter Sorensen, Redwood City contractor, to construct new cribbing for Wharf 1, the original transit wharf at the Redwood City port.

A. A. Moran, port manager, announced that new demands for military and naval cargos will require the port to level additional land in the port area and to construct a new 400 foot spur to handle rail freight. Work will be rushed to accommodate the armed services, he said.

The commission voted $25 a month for six months to help maintain ambulance service in Redwood City.

Kutner Estate Goes to Widow

Louis Kutner, 421 Crescent Ave., San Mateo, department store owner, who died Aug. 21 in San Francisco, left the bulk of his estate to his wife, Bertha M. Kutner, a petition for probate of will filed in superior court at Redwood City, revealed.

The will was dated Apr. 9, 1943. Value of the estate was not given.

Sarah Fry Doesn't Like Short Shorts

Miss Sarah Fry, long-time Menlo Park resident, has denounced the practice of girls and women wearing shorts and short skirts as an outrage and asked the San Mateo County Board of Supervisors to do something about it.

The law permits the wearing of shorts, Miss Fry said, "but there should be a rule as to how short."

"I do not believe women should wear skirts above their knees," the former member of the Salvation Army declared.

Miss Fry blamed the type of clothing women wear as the cause of so many rapes.

Miss Fry said give her a community where there are good women. By "good" women she said she meant women who weren't always off to a club, were at home when their children came home from school, and whose children were not running around in shorts.

Raise a child as he should be raised, Miss Fry said, and he will be good when it grows up.

"You never heard of a rape 60 years ago," she declared. "If you did, the rapist didn't live long enough to get to the police station."

She blamed the scarcity of clothes as a big factor in rape cases. She then denounced authorities for the sentences given rapists.

"What's the need of putting men behind bars for 60 years and feeding them?" she demanded. "That takes taxes. You'd kill a mad dog. This type of man is worse than a mad dog."

Supervisor Chairman Fred E. Beer said the points were well taken, but declared he knew of no legal way of remedying the situation at the present time.

Forward March, America!

THE 3RD WAR LOAN DRIVE IS ON!

3RD WAR LOAN
$15,000,000,000
(NON-BANKING QUOTA)

TODAY...YOUR COUNTRY LOOKS TO YOU TO BACK THE INVASION...

MONTGOMERY WARD FASHIONS

So I went to Wards . . . and found my whole Fall outfit

A NEW SUIT, FIRST OF ALL . . .

And a beautifully tailored suit it is . . . ever so practical for all day wear. I had three classic styles to choose from, in blue, brown or natural cavalry twill (rayon, cotton and aralac blend). Sizes 10 to 20.

16.98 *Other suits at* **9.98, 12.98** *and up*

OF COURSE, A CAROL BRENT . . .

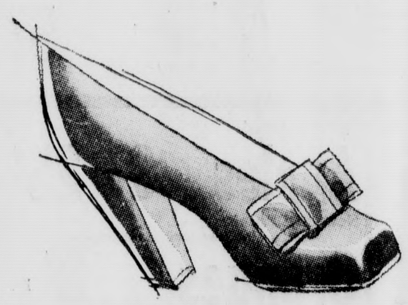
I bought several . . . they look so trim! In white and pastels to blend with my suit, and the rest of my wardrobe, too. Carefully tailored shirtwaists of multi-filament rayon acetate crepe. Sizes 32 to 40.

2.98 *Long-sleeved shirts* **3.19**

THE RIGHT HAT'S IMPORTANT . . .

It certainly is! . . . it can make or break the outfit! I chose two . . . a smart casual for daytime, and an adorable bumper beret for my upswept-hair, smooth look. Just the colors I wanted in Wards new Fall shades!

2.98



. . . AND SO ARE SMART NEW PUMPS

I found the pumps I wanted, the moment I stepped into Wards shoe department. There they were, all types of them, so slim and pretty it was hard for me to pick the winner for my shoe coupon!

And, they are only

High School Faculty Augmented

Eight new instructors will be on the faculty of Sequoia Union High School when the fall term opens Sept. 13. New teachers are John Dusel, who will teach social living, German, and gardening; John Grass, shop; Mrs. Marion Hall, mathematics; Miss Lavonne Hanna, senior problems and social living; Miss Elizabeth Sait, social living and Latin; Lawrence Sanderson, business; Mrs. Abbie Tonge, social living and English and Clarence C. Wyatt, mathematics and business.

Principal A. C. Argo announced that the bus schedules for the opening day will be the same as last Spring.

On the first day, students who completed their registration by Sept. 10 will receive cards showing their class assignments and may pay their student body fees.

Each student, Argo said, is asked to pay a $2 student body fee. In addition girls are asked to pay the Sequoia Girls Society dues of 50 cents and boys, the Boys League dues of 25 cents. Though not required, these fees are considered as citizenship responsibilities of the students, Argo said.

Students who have not selected their subjects should register today or Friday between 9 and 10 a.m. or 1 and 5 p.m.

The high school offers a complete curriculum of college preparatory, commercial, homemaking, shop, and pre-induction courses, Argo said.

Because placement in classes will be easier and pupils coming late will be handicapped in school work, he urged all pupils to start on the first day.

Night school registration will start on Sept. 13 also. Schedules for classes can be obtained at the high school office.

PUBLIC NOTICE

Walter Slack, Atty.
CERTIFICATE OF PARTNERSHIP TRANSACTING BUSINESS UNDER FICTITIOUS NAME—WIZE & NOLAN MACHINE COMPANY.
No. 1105

We, the undersigned, do hereby certify that we are partners transacting business in the State of California under the fictitious name and style of WIZE & NOLAN MACHINE COMPANY; that the principal place of business of said partnership is in the City of Belmont, County of San Mateo, said State; that the names in full of all the members of said partnership and the places of residence of said members are respectively as follows: G. E. WIZE, 320 Ashton Avenue, Millbrae, California; C. C. NOLAN, 1984 St. Francis Way, San Carlos, California.

IN WITNESS WHEREOF, we have hereunto set our hands this 26th day of August, 1943.

G. E. WIZE
C. C. NOLAN

STATE OF CALIFORNIA, City and County of San Francisco } ss.

On this 26th day of August, in the year one thousand nine hundred and forty-three, before me, CATHERINE E. KEITH, a Notary Public in and for the City and County of San Francisco, residing therein, duly commissioned and sworn, personally appeared G. E. WIZE and C. C. NOLAN, known to me to be the persons described in and whose names are subscribed to the within instrument, and they duly acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my Official Seal, at my office in the City and County of San Francisco, State of California.

CATHERINE E. KEITH,
Notary Public in and for the City and County of San Francisco, State of California.

My commission expires Dec. 15, 1946.
(SEAL)
WALTER SLACK,
Attorney at Law,
433 California Street,
San Francisco, Calif.

(Endorsed) Filed in the Office of the County Clerk of San Mateo County, Calif., Aug. 30, 1943.
W. H. AUGUSTUS,
County Clerk.
By JUNE M. LYNCH,
Deputy Clerk.
Sept. 3, 10, 17, 24; Oct. 1, 1943

PT&T Company Pays Tribute

Tribute to the efficient performance of telephone people and to the public's co-operation in wartime telephone service, was paid by N. R. Powley, president of the Pacific Telephone and Telegraph Company in announcing the company's quarterly dividend declarations, according to M. A. Gooding, local manager of the company.

Mr. Powley stated:

"The board of directors declared for the third quarter of the year $1.50 per share on the preferred shares and $1.75 per share on the common shares, resulting in dividend declarations on the common shares for the first three quarterly periods of $4.50 per share as compared with $4.75 per share for the corresponding periods of last year."

"Traffic volumes continue at unprecedented levels with the gross revenues resulting, however, in limited betterment in net income because of the increase in operating expenses, particularly taxes and wage expenditures."

"Our operating personnel in the face of the largest task with which it has ever been confronted with all of its attendant difficulties is performing in a magnificent way and the shareholders may well take pride, as I do, in its efficient and courteous performance. The public's co-operative recognition of our wartime traffic problems is inspirational to all of us and we gratefully acknowledge its sympathetic and understanding attitude."

CLOTHESPINS

Dirty clothespins leave their mark on otherwise clean clothes, and once "in," the dirt is difficult to remove. Home economists suggest this: Tub pins in warm, soapy water once a month, dry them in the sun and store them in a spotlessly clean bag from washday to washday. They deserve good care, especially in these days.

A lamp in the sanctuary of the Ursuline Convent, Quebec, has been burning continuously for 226 years.

Gans Reports Polio Case

Dr. C. C. Gans, director of health and welfare in San Mateo County, today was informed by San Francisco health authorities of another infantile paralysis case—a three-year-old Menlo Park boy. This brings Menlo Park's polio cases since June 1 to a total of six. Total for the county since June 1 is 17.

Menlo Park recently voted to come under the jurisdiction of the county health authorities, but the county has not taken over as yet because of legal procedures, Dr. Gans said. He declared it probably would be another 30 days before the county takes over.

The entire solar system is moving forward as a unit through space in the general direction of the star Vega at a rate of 12 miles a second.

FCC Seeks Office Site In Redwood City

Redwood City Chamber of Commerce has received an inquiry from the Federal Communications Commission for an office location in Redwood City, E. W. (Ned) Butler, chamber of commerce manager, said today.

Butler said the office required a floor space of 3000 to 4000 square feet. If established it would be permanent, in operation after the war. No details of the work of the office were given, Butler said.

He asked anyone knowing of a suitable location to contact the chamber of commerce.

While the population of the United States itself increased 7 per cent between 1930 and 1940, that of Hawaii jumped nearly 15 per cent. Between 1900 and the present Hawaii's population has increased approximately 2¼ times, according to the census.

Rifle Bullet Hurts Youngster

Fiore Rovetta, 11, Redwood City, was in a fair condition today at Community Hospital at San Mateo following a gunshot wound in his right hand received at 4 p.m., Sunday on the McBryde estate, 3255 Jefferson Ave., while playing with a 9-year-old pal.

San Mateo County sheriff's office reported that the youths were target shooting with a .22 caliber rifle belonging to young Rovetta's father, Nick Rovetta, and that the target fell down. Rovetta put the target up and it fell down again. As he was putting it up the second time, 9-year-old David Roberts, Redwood City, accidentally fired a shot which embedded in a finger on Rovetta's right hand.

Rovetta was treated by Redwood City Fire Dept. and taken to Community Hospital.

Carriers Celebrate Record Circulation

Strictly observing wartime transportation restrictions, 30 Tribune carriers bicycled to Flood Park Sunday for a picnic commemorating their achievement of successfully handling an all-time high Tribune circulation—4600 net paid.

After consuming scores of grilled hot dogs, pies and cakes, the boys competed in a number of contests arranged by Circulation Mgr. B. M. Knight.

The prize winners: Pie eating contest, Robert Ferrins; 100-yard dash, Bruce Schott; relay race, Nick Antonoff and Alan Bygdnes; quarter mile run, Donald Brockamp first, William McConnell second; 200-yard dash, Alan Bygdnes.

The U. S. Government Office of Strategic Service is collecting travelers notes on foreign localities as well as photographs.

Wife Calls Man German; He Sues for Divorce

Otto R. Schroller, who formerly operated Otto's Meat Market in Burlingame, doesn't like to be called a German and he doesn't like to be told he looks and acts like a spy.

So he has filed suit for divorce in superior court at Redwood City from Anna J. Schroller to get away from such "nagging," as he terms it. Schroller said he was born in Germany but that he is a naturalized citizen, but his wife told him he was "a damned German and not good for anything," and said he looked and acted like a spy, he charged in the suit. He charged his wife was constantly nagging and quarreling with him.

Pierre Esprit Radisson and Medard Couart, French explorers, were said to be the first white men to have set foot within Minnesota.
